 Advisor (e.g., head of international office or other lecturers from your home university) : Sabaruddin, Ph.D

1. Outline below your progress and achievements over the last 3 months. Indicate what milestones have been achieved.

With a short time of being here, I would like to say that I could adapt well with my new circumstances and environment. I could get along with my IISMA and international friends as well. Thus, I could say that I learnt a lot of things because of this program. Not only the way how students in University of Sussex study but also the way I could communicate, adapt and learn new things from such a new environment.

2. What is your plan for the rest of the program?

The plans that I have been thinking of is do as much as I could and being fully present for the whole studies. I do think, it's not only about how I could study in one of top universities in the world but also how I could meet and make a good network with people that I meet in such a short time.e

**3. I assess my rate of progress as:**

Very Good  Good  Satisfactory  Below my expectations

Losing the time of orientation because of my quarantine schedule is stressing me off, because I couldn't really adapt with new beginnings due to this circumstances. And also, after I arrived at University of Sussex I have to attend the class right after it, so I couldn't really focus on things at the beginning. I know I could do better as time goes by, but for the past few weeks I don't really feel good nor right about it.

**4. What kind of extracurricular activities are you participating?**

I haven't joined any kind of societies and activities yet. But I'm thinking of joining walking, movie, and album listening society next week because I am interested in those three activities.

**5. Have you identified any health and safety issues during the past 3 months?**

Yes  No  
(if yes, please specify)

**6. Are there any issues that LPDP and DGHE should be aware of?**

Yes  No  
(if yes, please specify)

**PART B**  
To be completed by the International Office of the Home Institution

1. Are you satisfied with the progress of your student?

Yes  No  
She is talented and responsive.

2. Are there any issues that LPDP and DGHE should be aware of?

Yes  No  
Both LPDP and DGHE are caring all students very well.

3. Any other comments/suggestions:

This is a good program to develop Indonesia human resource.

**PART A**  
To be completed by the student

Name : Jerry Hardian  
Host University : National Taiwan Normal University  
Home University : Universitas Sriwijaya  
Advisor (Head of International office from your home university) : Sabaruddin, Ph.D.

1. Outline below your progress and achievements over the last 3 months. Indicate what milestones have been achieved.

Offline classes have been started. I took 3 classes for this IISMA program: Chemical Application of Group Theory, Fluid Mechanics, and Taiwan Popular Culture. Chemical Application of Group Theory already had its midterm on 22 March 2022. I attended Fluid Mechanics class on 15 March 2022 for the first time and it will have its midterm on 12 April 2022. Taiwan Popular Culture has presentation depends on the group. I also joined International Companions for Learning (ICL) program, a program where one international student and one local student interact with elementary school/middle school students through presentation and skype meeting (with the possibility of offline meeting if you apply for it). There is also Flipping Classroom program where you join one or more class(es) and feel the learning environment for 1 session.

2. What is your plan for the rest of the program?

- Visits Houliao Elementary School in Changhua as part of ICL program.
- Clearing ICL program with satisfactory result, the minimum is 70 points, enough to get the ICL certificate.
- Participates in Flipping Classroom program.
- Doing better in the classes.
- Visits more places in Taipei.

3. I assess my rate of progress as:

Very Good  Good  Satisfactory  Below my expectations

It is a rather good start for me. I hope it can be better later on.

4. What kind of extracurricular activities are you participating?

None

5. Have you identified any health and safety issues during the past 3 months?

Yes  No

When I landed in Taiwan Taoyuan International Airport, I was tested as Covid-19 positive with fever as the symptom. I was immediately brought to Armed Forced Hsin Chu Hospital after the result and then recover in the isolation room.

6. Are there any issues that LPDP and DGHE should be aware of?

Yes  No

None
